

GOING BACK TO SCHOOL

St Vincent de Paul
Catholic Primary School,
Stevenage

Soon some of you will be coming back to school. We have missed you and are looking forward to hearing all about the activities you have enjoyed at home.

All the adults in school will help you to be safe and will take good care of you. You might be learning in a different classroom, and your whole class will not be present but you will be with adults and children that you know.

Some children have been coming into school for some time and they have been doing a really good job, following the rules to keep everybody safe. This presentation will help you see some of the changes and some of the things your school adults will help you with.

Good hygiene

- Hand washing
- Coughs and colds
- Using the toilets
- Cleaning my work area

★ Keep ★
Smiling
★

Hand washing is a good way to keep yourself safe.

Its important to clean ALL of your hands.

Adults will remind you to wash your hands during the day.

This video shows how to make sure your whole hand is clean

<https://www.youtube.com/watch?v=cbX0xwKORjk>

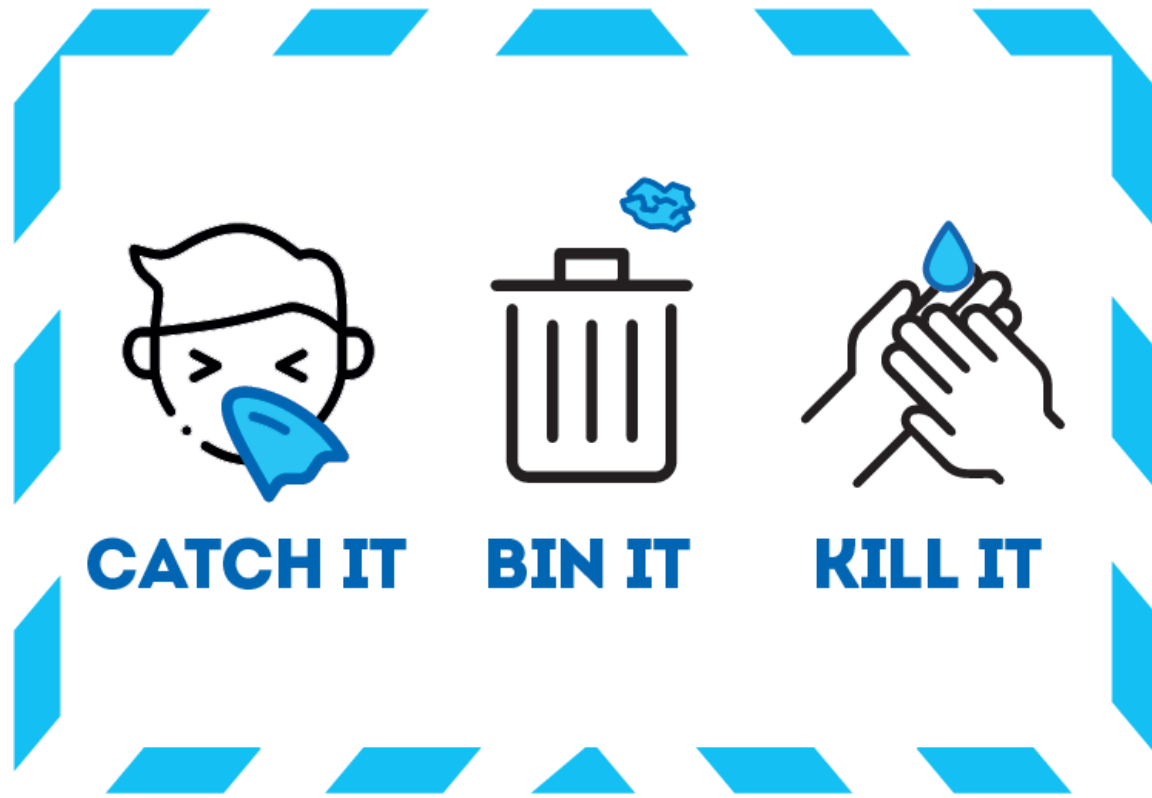

When will I wash my hands?

- When I arrive
- Before eating
- Before break
- After break
- Before lunch
- After lunch

★ Keep ★
Smiling ★

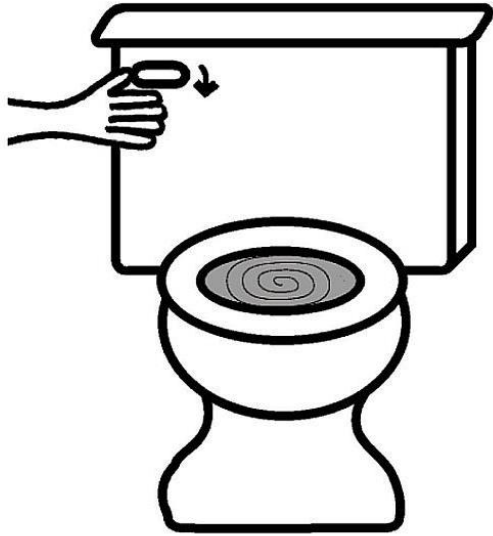

- After PE
- When I touch something I do not know is clean
- When I have sneezed or coughed
- When I go to the toilet
- Before I go home

For sneezes and coughs,
use tissues then put them in the bin
and wash your hands.

**Please flush toilet
after using.**

THANK YOU.

You will know your work area is clean
because it is cleaned before and after school
for you and you will help to clean it at break
time and lunch time.

Social Distancing

- Stay in your bubble
- Play near your friends
- Keep each other safe

★ Keep ★
Smiling
★

Our school is one big beautiful bubble.
Each class is a safe bubble inside,
to protect the school bubble
we all stay with our class bubble.

You will have friends in your class,
these are the people you will be
with all day. All classes will stay
together during the school day,
even outside.

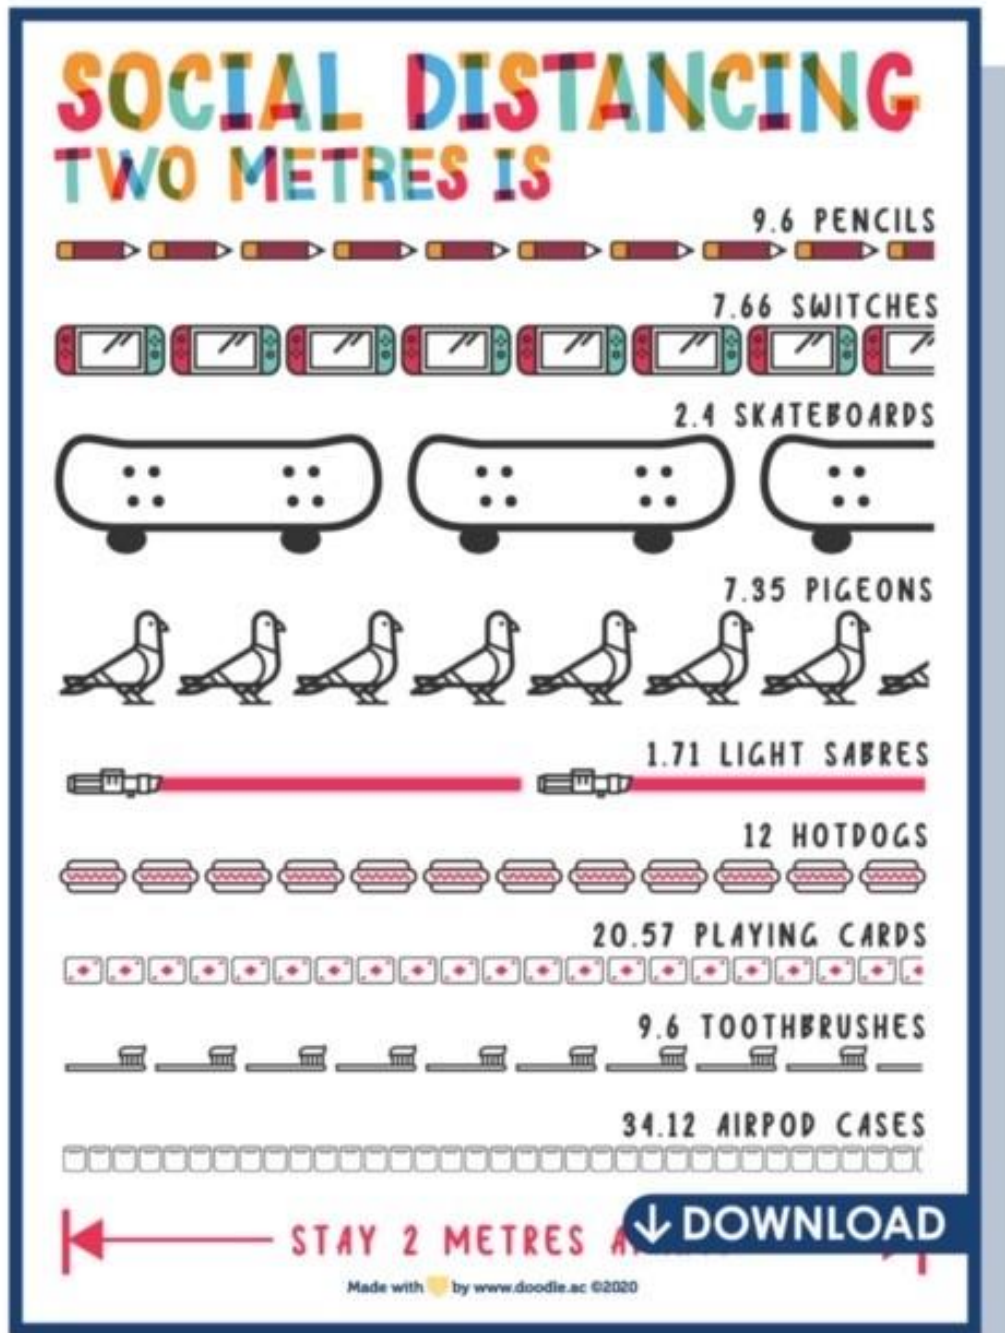

Wait on the marked lines to line up
Walk in the direction of the arrows
And remind your adults to do the same

Play near your friends,
but not too near!

The markers will help you,
but how good are you at
estimating 2 metres?

Some places are safer for 1 or 2
people at a time.

You must follow instructions

Our school day

- Arriving
- Classroom time
- Play time and lunch time
- Going home

Keep Smiling

Everyone will come into school wearing school uniform with trainers or other suitable shoes.

You might bring a packed lunch, snack, water bottle, coat or sun hat with you but you are not allowed to bring anything else.

Everyone will come into school, through the front gate
(on Bedwell Crescent) and go out using the back gate.

There are arrows and markers to keep everyone at a safe distance.

You will walk around to the classrooms,
where your adults will meet you.

Only children will come into the school building.

In your classroom you will have your own table and tray with everything you need. You can bring your water bottle into the classroom with you but you must leave your toys and pencil cases at home. Everything you need will be in school ready for you.

There will be lots of different learning tasks in school, some in the classroom, some in the ICT suite and some outside.

All your learning books, papers and equipment will stay in school.

You can bring a sun hat and have suncream put on before school, adults will not be able to help you put suncream on in school.

You will still be able to choose books to read.

You will have a different box of books to choose from each day.

All books will stay in school.

You will not be able to pass books around or share them
unfortunately.

Before snack and lunch you will clean your table
(you might need some help) and your hands.
Packed lunches will be brought to the classrooms.

At break time and lunch time, your bubble
will have your own play equipment.
You will help to keep it safe by washing your
hands before and after you use it.

When it is time to be collected you and your class friends will go outside to be collected safely by your adult.

You will walk out of the school by the back gate.

Adults will not be allowed into the building, even if you can't find something.

You must remind the adults that you are not allowed to play on the school grounds at the end of the day.

In school

- Stay with your bubble
- If you have medication, it will be kept in your classroom by the adults
- If you need First Aid your adults will help you

★ Keep ★
Smiling ★
★

I will not be asked to take messages to any other classes, to the office or to run errands and it is fine for me to remind the adults of this if they forget!

Social Distancing

- Stay in your bubble
- Play near your friends
- Keep each other safe

★

Your school day will be calm
and purposeful.

You will have activities
and tasks
to help you enjoy being
back at school.

We are looking forward to seeing you
again whenever we are allowed to
