Today some of the residents received some beautiful rainbow cards from the children at St Vincent de Paul school. The children sent jokes and ideas on how to keep busy at this time. I had lots of smiles from all that had received a card. Margaret said how lovely and thoughtful this is, and Les said it had brightened his day. Joan got an extra card in her envelope from a former student. This sparked lots of conversations from her time as a teacher and she said how lovely it is to receive this card. Joan was very touched that a former student had written to her.
