INTRODUCTION

The Diocese of Westminster Academy Trust is committed to protecting the privacy and security of your personal information.

We collect data and information about our parents/carers and students so that we can run effectively as a School. This privacy notice explains how and why we collect students' data, what we do with it, how long we keep it, and what rights parents and students have.

Our school is an academy within the Diocese of Westminster Academy Trust ("DoWAT"), a multi academy trust. You can find information about our schools [here](#). DoWAT is a charitable company limited by guarantee (registration number 07944160) whose registered office is Waxwell House, 125 Waxwell Lane, Pinner, HA5 3EP. DoWAT is the Data Controller for all the academies within the Trust, Information Commissioner's Office (ICO) registration number ZA471347.

The Data Protection Officer (DPO) for DoWAT is the Trust Chief Financial Officer (CFO), named [here](#), postal address: The Diocese of Westminster Academy Trust, Waxwell House, 125 Waxwell Lane, Pinner, HA5 3EP. The Trust DPO is supported by an External DPO Richard Maskrey. The school Deputy Data Protection Officer (DDPO) is Emma Gritten.

The term "parent" is widely defined in education law to include the natural or adoptive parents (regardless of whether parents are or were married, whether a father is named on a birth certificate or has parental responsibility for the student, with whom the student lives or whether the student has contact with that parent), and also includes non-parents who have parental responsibility for the student, or with whom the student lives. It is therefore possible for a student to have several "parents" for the purposes of education law. This privacy notice also covers other members of students' families who we may process data about from time to time, including, for example, siblings, aunts and uncles and grandparents.

1. WHY DO WE COLLECT AND USE STUDENT INFORMATION?

1.1 We collect and use student information under the following lawful bases:

1.1.1 Where we have the consent of the data subject (Article 6 (a));

1.1.4 Where it is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller (Article 6 (e)).

1.1.5 Where the personal data we collect about students is sensitive personal data, we will only process it where:

1.1.5.1 we have explicit consent;

1.1.5.2 processing is necessary to protect the vital interests of the data subject or of another natural person where the data subject is physically or legally incapable of giving consent; and / or

1.1.5.3 processing is necessary for reasons of substantial public interest, on the basis of Union or Member State law which shall be proportionate to the aim pursued, respect the essence of the right to data protection and provide for suitable and specific measures to safeguard the fundamental rights and the interests of the data subject.

1.2 Please see the ICO website [here](#) for information about sensitive personal data.

2. THE CATEGORIES OF INFORMATION THAT WE COLLECT, HOLD AND SHARE

- 2.1 Personal details (such as name, Unique Pupil Number and address), national curriculum assessment results, attendance information (such as sessions attended, number of absences and absence reasons), any exclusion information, where they go after they leave us, personal characteristics (such as ethnicity, language, nationality, country of birth and free school meal eligibility), any special educational needs they may have as well as relevant medical information. Sensitive personal information may also be processed for safeguarding purposes (on the Legal Basis of Vital Interest) at any time. Explicit consent would be sought if biometric data was ever to be collected/used by the school in the future.
- 2.2 We collect information about students when they join the school by using data collection forms (online or physical), file transfers from local authorities and previous schools, and update this information during their time on the roll, as and when new information is acquired.
- 2.3 From time to time and in certain circumstances, we might also process personal data about parents/carers, some of which might be sensitive personal data, information about criminal proceedings/convictions or information about child protection/safeguarding. This information is not routinely collected about parents/carers and is only likely to be processed by the school in specific circumstances relating to particular students, for example, if a child protection issue arises or if a parent/carer is involved in a criminal matter. Where appropriate, such information may be shared with external agencies such as the child protection team at the Local Authority, the Local Authority Designated Officer and / or the Police. Such information will only be processed to the extent that it is lawful to do so and appropriate measures will be taken to keep the data secure.

3. COLLECTING INFORMATION

- 3.1 Whilst the majority of information we collect is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the UK General Data Protection Regulation, we will inform you whether you are required to provide certain information to us or if you have a choice in this. Where appropriate, we will ask parents or students for consent to process personal data where there is no other lawful basis for processing it, for example where we wish to use photos or images of students on our website or on

social media to promote school activities or if we want to ask your permission to use your information for marketing purposes. Parents / students may withdraw consent at any time.

- 3.2 When students are deemed to be old enough to make their own decisions in relation to their personal data, we will also ask the student for their consent in these circumstances. This will usually be around the age of 13. Although parental consent is unlikely to be needed, we wish to take a collaborative approach so we will keep parents informed when we are approaching students for consent up to the age of 18. Students with the maturity to make their own decisions about their personal data may withdraw consent if consent has previously been given.
- 3.3 The school may record phone calls using [SOFTWARE] for monitoring purposes. Any recorded phone calls will be deleted 14 days from the date of the phone call.

4. STORING DATA

- 4.1 An annual sweep of the school network will be used to ensure that data is removed from general access where appropriate. We shred or destroy redundant data using a compliant provider or shred on-site.
- 4.2 We may hold data on USB memory devices if adequately protected, although their use is discouraged.
- 4.3 Photographs, videos and sound media will be captured by the school using school equipment and in line with any consent granted.
- 4.4 Data is backed up regularly (details can be obtained from the School Office). ARBOR and CPOMS are online services, backed up by the service providers. Arbor is backed up on school servers. Details are held within our Supplier Compliance Log. We maintain a supplier compliance log to ensure that Data Processors (our suppliers) are compliant and effectively safeguard your data.
- 4.5 The School and Trust has robust processes in place to minimise the risk of data breaches. In the unlikely event of a Data Breach, the Trust has an internal Data Breach Procedure and procedures which would be followed. In the event of a data breach, we would act in accordance with the UK General Data Protection Regulations.

5. DATA RETENTION

- 5.1 Data will be retained by the School and/or Trust for the duration of the pupil's time with us. We cannot agree to delete required safeguarding data during this time.
- 5.2 We will agree to remove data held on pupils, if requested, after they have left us (provided we are not required to keep it due to ratified policy or law). We will have to send their information to a new school or education establishment, if applicable.

- 5.3 The pupil's educational record is held as follows:
- 5.3.1 Primary schools – the pupil file is retained whilst the child remains at the primary school. The file should follow the pupil when they leave the primary school. This will include moving to another primary school, a secondary school, a pupil referral unit. If the pupil transfers to an independent school, transfers to home schooling, dies or leaves the country, the file may be returned to the LA to be retained for the statutory retention period.
 - 5.3.2 Secondary schools - the pupil file is retained until the pupil reaches 25 years of age. Data will be securely deleted in the academic year of their 25th birthday.
- 5.4 Some school data will be kept for 6 years plus the current year – this includes financial accounting information (legal reasons) and Data Breach Logs. 8. SAFEGUARDING

- 8.1 UK GDPR does not prevent, or limit, the sharing of information for the purposes of keeping children safe. Legal and secure information sharing between schools, Children's Social Care, and other local agencies, is essential for keeping children safe and ensuring they get the support they need. Information can be shared without consent if to gain consent would place a child at risk. Fears about sharing information must not be allowed to stand in the way of promoting the welfare and protecting the safety of children. As with all data sharing, appropriate organisational and technical safeguards will still be in place.

9. AGE 14+ QUALIFICATIONS (SECONDARY TRUST SCHOOLS ONLY)

10. WHY WE SHARE INFORMATION

- 10.1 Whilst we share information as an ongoing School/Trust management requirement, which would include non-standard operational activity such as complaints and legal proceedings as required, we do not share information about our pupils with anyone without your consent unless the law and our policies allow us to do so.
- 10.2 We share data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.
- 10.3 We are required to share information about our students with the (DfE) under regulation 5 of The Education (Information About Individual Students) (England) Regulations 2013.

- 12.4 We will also share certain information about students aged 16+ with our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.
- 12.5 This enables them to provide services as follows:

1.1 THE NATIONAL PUPIL DATABASE (NPD)

- 12.7 The NPD is owned and managed by the Department for Education and contains information about students in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format

for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

- 12.8 We are required by law, to provide information about our students to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Students) (England) Regulations 2013.
- 12.9 To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-student-database-user-guide-and-supporting-information>.
- 12.10 The department may share information about our students from the NPD with third parties who promote the education or well-being of children in England by:
- 12.10.1 Conducting research or analysis.
 - 12.10.2 Producing statistics.
 - 12.10.3 Providing information, advice or guidance.
- 12.11 To be granted access to student information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
- 12.12 For more information about the department's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>
- 12.13 For information about which organisations the department has provided student information, (and for which project), please visit the following website: <https://www.gov.uk/government/publications/national-student-database-requests-received>
- 12.14 To contact DfE: <https://www.gov.uk/contact-dfe>

13. REQUESTING ACCESS TO YOUR PERSONAL DATA

- 13.1 You will not have to pay a fee to access your personal information (or to exercise any of the other rights). However, we may charge a reasonable fee if your request for access is manifestly unfounded or excessive. Alternatively, we may refuse to comply with the request in such circumstances.
- 13.2 We may need to request specific information from you to help us confirm your identity and ensure your right to access the information (or to exercise any of your other rights). This is another appropriate security measure to ensure that personal information is not disclosed to any person who has no right to receive it.
- 13.3 For primary schools within the Trust:

13.3.1 Under data protection legislation, parents and students have the right to request access to information about them that we hold ("Subject Access Request"). Where a child does not have the maturity to make their own requests for personal data, parents may do so on their behalf in a primary school setting. To make a request for your child's personal data, or be given access to your child's educational record, contact the Academy internal DDPO, although you can also make this request directly to the school office.

13.4 For secondary schools within the Trust:

13.4.1 : Under data protection legislation, students, and in some circumstances, parents, have the right to request access to information about them that we hold ("Subject Access Request"). From the age of 13, we generally regard students as having the capacity to exercise their own rights in relation to their personal data. This means that where we consider a student to have sufficient maturity to understand their own rights, we will require a Subject Access Request to be made by the student and not their parent(s) on their behalf. This does not affect any separate statutory right parents might have to access information about their child (e.g. Education Record).

13.4.2 Subject to the section below, the legal timescales for the School to respond to a Subject Access Request is one calendar month, although this can be extended by a further 60 days in certain circumstances. As the School has limited staff resources outside of term time, we encourage parents / students to submit Subject Access Requests during term time and to avoid sending a request during periods when the School is closed or is about to close for the holidays. where possible. This will assist us in responding to your request as promptly as possible. For further information about how we handle Subject Access Requests, please see our Data Protection Policy and Breach Response Plan.

13.4.3 Parents of students who attend academies have a separate statutory right to receive an annual written report setting out their child's attainment for the main subject areas which are taught. This is an independent legal right of parents rather than a student's own legal right which falls outside of the UK GDPR, therefore a student's consent is not required even a student is able to make their own decisions in relation to their personal data, unless a court order is in place which states otherwise.

13.5 In the limited circumstances where you may have provided your consent to the collection, processing and transfer of your personal information for a specific purpose, you have the right to withdraw your consent for that specific processing at any time. To withdraw your consent, please contact the School Office. Once we have received notification that you have withdrawn your consent, we will no longer process your information for the purpose or purposes you originally agreed to, unless we have another legitimate basis for doing so in law.

- 13.6 If you have a concern about the way we are collecting or using your personal data, you should raise your concern with us in the first instance or directly to the Information Commissioner's Office at <https://ico.org.uk/concerns/>

14. CONTACT & CHANGES TO PRIVACY NOTICE

- 14.2 We reserve the right to update this privacy notice at any time, and we will provide you with a new privacy notice when we make any substantial updates. We may also notify you in other ways from time to time about the processing of your personal information.
